## Horizon™ Laminate Flooring

*Creating country ambience  
and rustic charm!*

Create enchanting warmth in the style of an era gone by or recapture the rustic old world look. Long, micro beveled planks combined with realistic feeling surface structures provide a sophisticated rustic look reminiscent of old country estates. You can have this look at a fraction of the cost of similar sized real wood planks. In keeping with our intent, we chose several oaks and one exotic pattern to further enhance the dimensional features of this product. moderna Horizon is ideally suited for large, open floor plans and upscale design applications.
